

## INTERVENTION SERVICES REPORT FOR DEAF AND HARD OF HEARING CHILDREN

### Instructions for Use

Please complete the intervention services report for every child:

- a) born in years 2000-2004
- b) **diagnosed** with a hearing loss
- c) receiving intervention services.

Submit the intervention services report when the child enrolls in your program, even if all of the information is not complete, i.e. if child is not yet aided. ***If amplification is not recommended at this time i.e. unilateral loss, mild loss, auditory neuropathy/dys-synchrony, please write NR (not recommended) for Date Aided and submit.***

EX: NR (unilateral)

NR (a.n.) if diagnosed as auditory neuropathy/dys-synchrony

NR (mild loss).

- ***Identifying information:*** Child's name on birth certificate, date of birth, and mother's name as listed on the birth certificate are needed to link the intervention data to the child's data already entered in the EHDI database.
- ***Parish.*** Parish where child currently resides.
- ***Date of confirmation of hearing loss:*** Month, day and year that the hearing loss was diagnosed by audiologist; if date is unknown, include month and year.
- ***Audiologist performing hearing test:*** Audiological information regarding specific degree and type of hearing loss will be accessed from the audiologist.
- ***Date aided/Date of cochlear implant:*** Month, day and year that the child received his/her hearing aids or cochlear implant; if date is unknown, include month and year.
- ***Enrolled in Part C:*** Circle: yes, no, not sure, parent refused. **Parent signature on IFSP is required for "yes" answer.**
- ***Type of service:*** If you provide "Special Instruction" according to Part C definition **and** are also a specialist, with certification or a degree in education of deaf/hard of hearing, **please check both.** If you **do not** have certification or a degree in this field, check "Special Instruction" **only.**

Each provider or agency is expected to use their own appropriate procedures and documentation in obtaining the parent/guardian's permission to release this information to the Department of Health and Hospitals. When DHH receives this information, it is held strictly confidential as required in Louisiana statute. Confidential information in the database is not released without written consent from the parent/guardian.
